

## DEAR SUPPORTER!

The time has come, at last, to hand in around 50,000 signatures from the UK and over 100 countries to the Alliance's petition into 10 Downing Street in a few days' time asking the Secretaries of State for Transport and Culture, Media and Sport for **no further damage to be done to the archaeological landscape of the Stonehenge World Heritage Site.**

Deep cuttings, tunnel portals and massive highway interchanges would impact on highly sensitive parts of this iconic landscape and its setting.

Our petition underlines opposition to the road by UNESCO's World Heritage Committee in its current form.

## CAN YOU HELP ONE MORE TIME?

**Can you forward our petition with a friend or colleague now to ask them support your objection to the A303 Stonehenge scheme?**

## LAST CHANCE TO SIGN PETITION!

Best wishes and a huge thank you for sticking with us on this campaign marathon.

*The Stonehenge Alliance*

PS THANK YOU for writing to the Chancellor. The newly appointed Chancellor will be greeted by an impressive avalanche of objections! It's been

amazing to read the copies forwarded to us. Please carry on. We have a bit more time. [Here's the email once again](#) in case you would like to write to the **Rt Hon Rishi Sunak MP**.
