

STONEHENGE ALLIANCE CAMPAIGN UPDATE

"The Mission again raised the question regarding the potential impacts on the Outstanding Universal Value (OUV) attributes of the property, arising particularly from impacts on the integrity and authenticity of the Neolithic and Bronze Age funerary landscape and hence the exploration of alternatives to the A303 passing through the very heart of the WHS and so close to key monuments." Extract from #2.3, [Final Report on the joint World Heritage Centre / ICOMOS / ICCROM Advisory Mission to Stonehenge, Avebury and Associated Sites, 19-21 April 2022](#)

New Transport Secretary consulting on UNESCO's Advisory Mission's report

Dear Supporters,

National Highways has [commented](#) on UNESCO's Advisory Mission's [report](#) following their visit of April 2022 [published](#) last month.

Last week, during a period of national mourning, the new Transport Secretary [invited](#) Interested Parties to respond to NH's comments by **28 September**. Despite this tight deadline we hope you will be able to do so.

The Mission advised that a less damaging scheme, such as a southern bypass, should be sought and indicated that, at the very least, any tunnel should be extended to the western WHS boundary. National Highways insists that its

current scheme would bring benefits to the WHS and that a longer tunnel would not be worth the expense.

The Stonehenge Alliance will send a response to the Secretary of State and share its response in due course.

If you wish to respond we have shared some reactions and links via the button below.

Points concerning UNESCO's Advisory Mission report

ABOUT THE STONEHENGE ALLIANCE

The Stonehenge Alliance is a group of non-governmental organisations and individuals that seeks enhancements to the Stonehenge World Heritage Site and opposes development that would cause it significant harm.. [More about us](#)

The petition against the road has almost reached 220,000 signatures. **You can sign and share it** [here](#).
