Passcode:742654

Dear supporters,

Tickets sold out rapidly so we're delighted that this special event will be available to all our supporters on line.

This special event will open at **7.30pm** with the unveiling of a painting by [Mark Wickham](#), commissioned by the Stonehenge Alliance to mark the end of a decade-long campaign and honour the memory of our late founder, the remarkable Kate Fielden who left all the necessary tools in place for us to doggedly continue with safeguarding the Stonehenge World Heritage Site.

The painting will be on permanent display at [Wiltshire Museum](#) above the fire place in the Lecture Room. We'll share a copy in our next Campaign Update.

Tom Holland's talk will start at around 7.40pm followed by a Q & A session and end at around 9pm.

This is a promising start to the New Year!

With very best wishes for 2025,

The Stonehenge Alliance team
in partnership with Save Stonehenge WHS

[ABOUT THE STONEHENGE ALLIANCE](#)

The Stonehenge Alliance was set up in 2002 to protect the Stonehenge World Heritage Site from further damage. It has campaigned against the current road scheme since its inception in 2014. It is appalled by the last Government's decision to go ahead with the short tunnel and road widening project in the face of:

- *strong advice from its Planning Inspectorate not to proceed,*
- *UNESCO's World Heritage Committee's condemnation, and*
- *the High Court's quashing of the scheme in 2021.*

The Labour Government cancelled the scheme on 29 July 2024 on the grounds of "low value and unaffordable commitment". An application to the Supreme Court is in progress to challenge the Court of Appeal's judgment.

The Stonehenge Alliance is run by a small team of volunteers, supported by Ancient Sacred Landscape Network; Campaign to Protect Rural England; Friends of the Earth; Rescue, The British Archaeological Trust; Transport Action Network and many individuals in the UK and worldwide.

Protecting Stonehenge WHS for the long term

Two legacy projects to permanently protect the Stonehenge landscape from development are being progressed in 2025. The first is a study of the parlous state of our railway network in the south west with recommendations for priority investment. This has been completed and will be launched soon.

The second is an investigation into strengthening the planning status of UK World Heritage Sites. This will require parliamentary action and wider networking. This work is at a very early stage. Expressions of interest welcome.
